Mobile Classroom Results

MARCH 1, 2017

Since the initiation of the Mobile Classroom program, there has been a tremendous amount of traction in the collaboration between our teams to evolve and grow the Mobile initiative. With the kits flying all around the world, the working being done in this space is enabling new WestJetters across the **41 different international airports!**

Evolution in Asset Management

As more and more kits come through our doors each day, we have been able to gain increasing visibility into *what's out there*.

Inclusive of a purchase of 10 new Mobile Classrooms, we now have visibility into **20 Complete Kits**, each of which consist of **five different data points** of reference associated with each owner's employee number.

KEY 2016 IMPROVEMENTS

- **Streamlining of WestJet Dedicated Warehousing to Increase Turnaround Request Speed from Four to Two Weeks**
- **Increased Asset Tracking Visibility with 100% of WestJet Assets now Tracked**
- **Streamlining of Customs and Border Crossing Processes and Collaboration**
- **Double of on hand kit stock to fuel increasing program demand**
- **Process now inclusive of automated warranty repair, damage device replacement and lifecycle management of kits and devices.**
- **Creation of WestJet Branded Instructions of Set Up & Pack Down**
